

- ▶ Other official identification approved by USDA. (Brands and breed registrations with tattoos are not acceptable) ; or
- ▶ On the AAI-13 (Certificate of Veterinary Inspection form obtained from the Department Agriculture) accredited veterinarians simply need to:
 - ^ mark “Camelid” in box number 4
 - ^ write the animals color in box number 8
 - ^ record date of birth in box number 10
 - ^ record gender in box number 11 and
 - ^ record either Llama or Alpaca in box number 12

.*In addition, veterinarians are encouraged to write down any distinguishing markings that are present on the animal. or include a photo. Questions regarding proper identification for camelids on Certificates of Veterinary Inspection for Pennsylvania fairs can be directed to the Department at 717-783-6851.

Section 2: Out of State Camelids
Requirements:

1. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation is required.
2. Vesicular Stomatitis (VS): (applies to states that experienced a Vesicular Stomatitis outbreak in the last 12 months). An accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement and signed by the accredited veterinarian: (All animals identified on this certificate of veterinary inspection have been examined and found to be free from VS. During the past 90 days, these animals were not located within 10 miles of a site where VS has been diagnosed.”
3. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI .
4. Individual official animal identification. Official

ID will have a US shield  and includes:

- ▶ A USDA-issued National Uniform Eartagging System (NUES) tag ; or
- ▶ A 15-digit Animal Identification Number eartag starting with “840”; or
- ▶ An electronic implant device (the exhibitor must supply a reader); or
- ▶ Other official identification approved by USDA. (Brands and breed registrations with tattoos are not acceptable) .

Testing requirements: Tuberculosis

5. ▶ No test is required for animals originating from “Accredited Free” states or zones.

- ▶ All animals originating from states or zones designated “Modified Accredited Advanced” must be test negative within the 60 days prior to the date of importation. The negative test results and dates of tests must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable).
- ▶ All animals originating from states or zones designated “Modified Accredited” must originate from herds in which all animals 12 months of age and older are test negative within the 12 months prior to the date of importation and the individual animals (all ages) to be imported are also test negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test was completed. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).

DAIRY AND BEEF CATTLE
HEALTH CERTIFICATION
PENNSYLVANIA CATTLE
No Tuberculosis test is required
No Brucellosis test is required

VACCINATION REQUIREMENT of Tioga Co. Fair

All cattle must be accompanied by a Certificate of Veterinary Inspection, signed by an accredited veterinarian, that includes a statement that the animal(s) identified have been immunized against IBR, PI3, and BVD.

Animals that have never been vaccinated against BVD, IBR, PI3 AND BRSV or have not been vaccinated against BVD during the previous 12 months, must receive one dose of modified live virus vaccine given at least 15 days, and not more than 180 days before the show, or two doses of killed vaccine, two to four weeks apart, with the last dose given at least 15 days and not more than 180 days before the show.

Animals that have been vaccinated against BVD, IBR, PI3 AND BRSV within the previous 12 months must receive at least a single injection of modified live virus or killed virus vaccine given not less than 15 days and not more than 180 days before the show.

Hyperimmune serum may not be used as a substitute for the above vaccination requirement. No animals will be admitted unless these requirements have been met.

Section 3: Pennsylvania Cattle:

Requirements of Tioga Co. Fair

1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2017 is required.
2. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI (the Statement is pre-printed on the CVI).
3. Individual official animal identification is required. Official ID will have a **US shield** and includes:
A USDA-issued National Uniform Eartagging System (NUES) tag; or
A 15-digit Animal Identification Number eartag starting with “840” (including RFID or:
Other official identification approved by USDA. (Brands and breed registrations with tattoos are not acceptable.)

4. A current rabies vaccination administered by a licensed veterinarian is required for animals 3 months of age and older (market cattle are exempt from this vaccination requirement). All vaccine label directions must be followed, and all rabies vaccinated cattle must be accompanied by a rabies vaccination certificate or the vaccination information must be included on the CVI. If a rabies vaccination certificate is provided, the certificate must contain legible name and contact information of the veterinarian who administered the vaccine and the veterinarian's signature. A copy of the rabies vaccination certificate is acceptable. **(Rabies vaccination must be administered prior to July 24, 2017.)**

Section 4: Out of State Cattle:

Requirements:

1. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation is required.
2. Vesicular Stomatitis (VS): (applies to states that experienced a Vesicular Stomatitis outbreak in the last 12 months). An accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement and signed by the accredited veterinarian: (All animals identified on this certificate of veterinary inspection have been examined and found to be free from VS. During the past 90 days, these animals were not located within 10 miles of a site where VS has been diagnosed.)
3. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI (the Statement is pre-printed on the CVI.)

4. Individual official animal identification is required. Official ID will have a **US shield** and includes:

A USDA-issued National Eartagging System (NUES) tag: or
A 15-digit Animal Identification Number eartag starting with "840" (including RFID or:

Other official identification approved by USDA. (Brands and breed registrations with tattoos are not acceptable.)

5. A current rabies vaccination administered by a licensed veterinarian is required for animals 3 months of age and older (market cattle are exempt from this vaccination requirement). All vaccine label directions must be followed, and all rabies vaccinated cattle must be accompanied by a rabies vaccination certificate or the the vaccination information must be included on the CVI. If a rabies vaccination certificate is provided, the certificate must contain legible name and contact information of the veterinarian who administered the vaccine and the veterinarian's signature. A copy of the rabies vaccination certificate is acceptable.

(Rabies vaccination must be administered prior to July 24, 2017)

6. Testing: Tuberculosis Requirements:

No test is required for animals originating from "Accredited Free" states or zones.

All exhibition animals originating from states or zones designated "Modified Accredited Advanced" must be test negative within the 60 days prior to the date of importation. The negative test results and

date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original report is acceptable).

All animals originating from states or zones designated "Modified Accredited" must originate from herds in which all animals 12 months of age and older are test negative within the 12 months prior to the date of importation; and the individual animals to be imported (all ages) are test negative within the 60 days prior to the date of importation and at least 60 days after the negative whole herd test. The negative test results and date of test must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).

Rodeo (or other recreational) animals ages must be negative on an official Tuberculosis test within the 60 days prior to entry, unless they originate from and are members of an Accredited Tuberculosis-free Herd. The negative test results and date of test must be included on the CVI or the animal must be accompanied by negative test report (a copy of the original test report is acceptable.)

Section 5: Pennsylvania Cervids:

Requirements for PA Cervids:

1. Individual official animal identification is required. Official ID includes:
 - A legible and unique tattoo approved by the Department and USDA;
 - A USDA-issued ear tag, bearing a unique number provided by USDA that utilizes one of the following numbering systems:
 - The National Uniform Eartagging System (NUES);
 - The Animal Identification Number (AIN) ear tag bearing 15 digits starting with '840';
 - The premises-based numbering system using a Premises Identification Number (PIN) in conjunction with a livestock production numbering system; or
 - An electronic implant device, such as a microchip that utilizes a nationally unique 15 digit animal identification number starting with '840' provided an appropriate reader is immediately available wherever the animal is located.
2. All cervids: Fair management is responsible for providing contact information of owners of all cervids which are exhibited to Mary Martin at the Department within 7 days of the last day of the exhibition (717-783-5309) or marymartin@pa.gov).
3. Chronic Wasting Disease (CWD) program status: Contact the Department (717-772-2852 or 717-783-5309 for specific requirements for exhibition of CWD-susceptible cervids to remain in compliance with CWD programs.

Requirements (Tioga Co. Fair) for Fair Animal Health Requirements:

1. A Certificate of Veterinary Inspection issued after May 1, 2017.
2. All animals must be free of infectious and contagious diseases and a statement of this should be written on the CVI.

Section 6: Out of State Cervids:

Requirements:

1. *All CWD-susceptible cervid species*: A written import permit is required from the Pennsylvania Department of Agriculture. Call Mary Martin at 717-783-5309 between 8 AM and 4 PM weekdays. Call for a permit at least 30 days in advance.
2. A Certificate of Veterinary Inspection (CVI) issued within the 30 days prior to the date of importation is required.
3. Vesicular Stomatitis (VS): (applies to states that experienced a Vesicular Stomatitis outbreak in the last 12 months). An accredited veterinarian shall determine whether the animals are free from VS, and animals shall be accompanied by a CVI with the following statement and signed by the accredited veterinarian: (All animals identified on this certificate of veterinary inspection have been examined and found to be free from VS. During the past 90 days, these animals were not located within 10 miles of a site where VS has been diagnosed.)
4. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI.
5. Two forms of individual ID are required for CWD-susceptible species (including whitetail deer, elk, moose, mule deer, blacktail deer, sika deer, red deer, and hybrids. One form of identification listed below is required as 'official' animal identification. The second device may be either a second form of 'official' animal identification or a form of individual animal identification unique to that animal within the herd and linkable to the CWD database. Non CWD-susceptible species require only the 'official' form of identification; a second form is not required. Consultation with PDA on currently acceptable forms of identification is strongly recommended when anticipating importation of cervids.

Official ID includes:

A legible and unique tattoo approved by the Department and USDA; or,

- A USDA-issued ear tag, bearing a unique number provided by USDA that utilizes one of the following numbering systems:
 - The National Uniform Eartagging System (NUES);
 - The Animal Identification Number (AIN) ear tag bearing 15 digits starting with '840';
 - The premises-based numbering system using a Premises Identification Number (PIN) in conjunction with a livestock production numbering system; or
 - An electronic implant device, such as a microchip that utilizes a nationally unique 15 digit animal identification number starting with '840' provided an appropriate reader is immediately available wherever the animal is located.
6. Brucellosis Testing Requirements:
All sexually intact cervids 12 months of age and older are test-eligible.
If the animal is from a Brucellosis Certified-free Herd, no further testing is required. The date of the most recent herd test and test results must be included on the CVI.

If the animal is from a Brucellosis Monitored Herd, it must be brucellosis test negative within the 90 days prior to the date of importation. The date of the test and the test results must be included on the CVI or the animal must be accompanied by the laboratory test report (a copy of the test report is acceptable).

If the animal is from a herd with no brucellosis status, it must be brucellosis test negative within the 30 days prior to the date of importation. The date of the test and the test results must be included on the CVI or the animal must be accompanied by the laboratory test report (a copy of the test report is acceptable).

7. Tuberculosis Testing Requirements:

Cervids of all ages are test-eligible.

If the animal is from a Tuberculosis Accredited Herd, no further testing is required. The date of the herd test and test results must be included on the CVI.

If the animal is from a Tuberculosis Monitored or Qualified Herd, it must be tuberculosis test negative within the 90 days prior to the date of importation. The date of the test and test results must be included on the CVI or the animal must be accompanied by a negative test report (a copy of the original test report is acceptable).

If the animal is from a herd with no tuberculosis status, it must be test negative on two consecutive tuberculosis tests conducted at least 90 days apart, with the last test conducted within the 90 days prior to the date of importation. The date of the tests and test results must be included on the CVI or the animal must be accompanied by the negative test reports (copies of the test reports are acceptable).

8. All cervids: Fair management is responsible for providing contact information of owners of all cervids which are exhibited to Mary Martin at the Department within 7 days of the last day of the exhibition (717-783-5309) or marymartin@pa.gov

Section 8: Pennsylvania Equine Animals:

Recommendations for Fair Animal Health Requirements

1. A Certificate of Veterinary Inspection (CVI) issued after May 1, 2017 .
2. All animals must be free of infectious and contagious diseases and a statement of this is required on the CVI (the statement is pre-printed on the CVI).
3. All equine animals must be test negative for EIA by an official test within the 12 months prior to the opening date of the exhibition. Laboratory test results must accompany each animal to its final destination (a copy of the original lab report is acceptable). Foals less than six months of age accompanied by a dam which meets the above requirements are exempt from EIA testing requirements. If the foal is not accompanied by the dam, a copy of the dam's test results must accompany the foal to its final destination.
